International Marine Brokerage

Phuket, Thailand. 18 November, 2010. The first Prestige 400 Generation 2 delivered to Asia will be a feature boat on the water from Lee Marine, Phuket's leading brokerage and new yacht dealership, at the 2011 PIMEX International Boat Show at Royal Phuket Marina from 6-9 January, 2011.

Lee Marine General Manager Martin Holmes said the Prestige 400 is right in the magic 35-45 foot range that is both affordable and capable at the same time. Prestige is the motoryacht brand owned by Jeanneau, the French yacht manufacturer, and features both open and flybridge models from 35ft to 60ft.

“For many families or people looking for their first motoryacht, a 40ft boat is the ideal size that offers comfort, space and can be handled easily without a crew.” Mr. Holmes said. He added the Prestige 400 is ideal for cruising in the waters around Phuket because of the air-conditioned comfort on board coupled with dependable diesel engines and inherent seaworthiness from the Michael Peters designed hull.

A look at the optional accessories of the Prestige 400 also shows how it can be easily adapted for the tropical conditions of Thailand. The Prestige 400 offers air conditioning, a retractable sunshade in the cockpit and a bimini on the flybridge.

The boat is 39.8 feet [12.15 m] in length and 12.80 feet [3.90m] wide, has a 2.79 foot [0.85 m] draft with a maximum speed of 31 knots. It is powered by two CUMMINS 380 HP D QSB 5.9 model engines with a fuel capacity of 176.16 gallons [800 litres].

ing and convertible sunpad and inside there is a lounge
ble berth, a forward cabin with double bed and guest
cabin with two single beds. The galley includes a microwave and refrigerator.

Said Mr. Holmes: "Potential owners would be hard pressed to find a more suitable family boat for this part of the world. We are sure there will be considerable interest in the Prestige 400 and the Prestige range in general as this brand has grown very quickly in recent years and offers modern design thinking with superb value for money."

The model featured at PIMEX will be shipped from the Jeanneau factory in France in time for PIMEX.

The Prestige 400 is one of a range of Prestige boats announced mid-year for 2011. In the Prestige Flybridge range, the Prestige 350, 400, 440 & 510, in the Prestige Express range, the 390s, 440s & 500s and the range topping Prestige Yachts 60.

About Lee Marine International Marine Brokerage
